## Notes

All data is based on film applied to a smooth painted/primed plastered wall. Performance results are subject to variation within industry standards and are only intended for estimating purposes. There may be restrictions concerning the suitability of this product to certain wall types. It is the users responsibility to ensure the product is suitable for the intended use. For more details please contact us.

## Installation

Should be undertaken by professional installers. As per manufacturers instructions, printed wallcoverings can only be applied in temperature of +5C. For best results, a clean and dust free area environment should be provided.

## Cleaning

In general; Digitally printed wallcovering can be washed. Slight or moderate soiling can be removed using a combination of mild detergent and a damp cloth. Dabbing – certainly not rubbing is recommended to lift the soil. It is important to rinse off with clean water (absorbant) cloth washing in a low to high vertical action to prevent moisture at skirting level. Bleach, abrasive cleaners and similar compounds must not be used.

Internal Application

## Description

Give your office an image makeover or upgrade your building interior with a bold statement. Creating vibrant workspaces has positive impacts on both employees and also clients.

Printable wall vinyl is a popular product in the hotel, restaurant, retail and office-based industries. It is very versatile and can be used to great effect as part of a venue's interior design, or to create an eye-catching exterior or entrance way, transforming a surface that would otherwise be a plain wall into a striking feature

Bring nature indoors with mountains, trees and flowers or create corporate environments with lifestyle, city scapes and abstract stock photos. Your ideas and our experience can bring that "Wow" factor to even the most boring and bland receptions and boardrooms.
